New York, Feb. 26.—For the first time in the history of the Pennsylvania Railroad a private car rolled into the terminal at Jersey City without other motive power than that generated above the trucks on which it rode. On the car came J. P. Yerger, assistant superintendent of motive power; B. F. Murphy and J. W. Rogers, assistant engineers from Altoona, and Division Superintendent Lovell of the Amboy division, all officials of the Pennsylvania system, and William B. Strang of 15 Wall street, owner of the car.

The car is on its way to the Pacific Coast under its own power. It is named the Ogerita. It will start tomorrow from the Weehawken terminal of the West Shore Railroad, taking to Buffalo officials of the New York Central lines. From there the route is over the Lake Shore to Chicago, the Chicago and Alton to St. Louis, the Rock Island and Kansas City, thence to El Paso and to San Francisco over the Rock Island and Southern Pacific railroads. It will be the first attempt ever made to cross the continent on a self-propelled commercial car.

KAMS WIN FIELD SPORTS

The annual field day sports of the Boys Clubs took place on Saturday and first honors were carried off by the Kams school team with the Diamond Head Athletic Club a close second. Although the Kams won, to the Diamond Head boys belong all the glory. They have the better team and had it not been for the unsportsmanlike manner in which they were treated by the referee and the decision handed down by the judge of the mile walk, there would have been a different story to tell. In the minds of many of the spectators present the final score of the meet should have been Diamond Heads 60, Kams 44 2-3.

Outside of these unpleasant instances the meet was a success. Sam Johnson, the clerk of the course, had things going on the jump and deserves credit for the manner in which he performed his duties. Sam took an impartial stand during the meet and had he taken orders from one of the officials the boys would probably be running yet so that some who were entered in numerous events would have had a chance to rest. The D. H. should chalk it all up to experience and the next time there is a meet they should have some voice in the matter of choosing officials.

RECORDS BROKEN.

In all there were three island records broken and all by a good wide margin. Sharsh ran the mile in 5 flat, clipping 10 seconds off the old record held by Mannis, who ran in 5:10 at Kapolani park some years ago. Frank Kanae added 9 feet to his old record of 130 feet for the hammer throw. Kanae now has the new mark of 139 feet.

K. C. Hopper added 1 1/2 inches to the high jump. McCandless of the Kams pressed Hopper hard but the latter was in fine condition and after clearing the bar at its highest notch of 5 feet 8 inches it was announced that Hopper had broken the old record of 5 feet 6 1/2 inches.

FIRST DISPUTE.

En Sue and taken the second heat of the 100-yard dash without an effort and this left him with McCandless in the final. Both started well and a hard and even race was run to the tape. Many who were standing opposite the finish thought that En Sue had reached the mark first. Mr. Horne, the referee, ruled that it was a dead heat. Those who expressed themselves in regard to the race were promptly called down by the referee.

The runners were called to the scratch and the start made. It looked like En Sue, but a few yards from the finish he seemed to give out and McCandless with a sudden burst of speed, led him to the finish.

MILE WALK AND PROTEST.

Several contestants toed the scratch for the "heel and toe" event and all got off in a bunch at the crack of the pistol. Before the contestants had gone 100 yards the style of the different walkers bore quite a contrast. Ayres, who was picked for a winner in this event and who understands what walking means, soon fell in the rear, owing to the fact that he refused to break. It appeared to all who know anything of walking that, with the exception of Ayres and another walker in his rear, the balance were running. All who have seen a walking match notice at once the peculiar hip movement, the straight attitude, the high swinging of the arms and the stiffness of the leg when the heel comes in contact with the ground. All these things were missing in every contestant's form with the exception of Ayres.

Captain Schoeffel, who was appointed judge of this match, followed the walkers on a bicycle. Auld and Hulihui soon annexed such a lead that Schoeffel was compelled to leave the balance of the walkers and catch Auld. Here was where the weakness of the judging system was shown, for while the only judge was in advance there was nothing to prevent those in the rear from running at top speed.

Auld and Hulihui were warned twice during the match and should have been disqualified. Auld led Ayres only a half lap at the tape. When Ayres finished with a good sprint Auld appeared from the stand, claiming to have annexed such a lead that Schoeffel was compelled to leave the balance of the walkers and catch Auld. Here was where the weakness of the judging system was shown, for while the only judge was in advance there was nothing to prevent those in the rear from running at top speed.

Manager Sam Chillingworth of the Diamond Heads at once entered a protest and the same will be acted upon today.

McCandless' GREAT WORK. McCandless of the Kams again proved the star of the day. This young man is a thorough athlete and although not a star in any particular event he is a valuable man in a team and if it were not for him the Kams would be entirely out-classed. Out of 54 2-3 points this youngster gained 21 for his team. He secured first place in the 100-yard dash, 220-yard dash and broad jump. He was second in both the high jump and shot put. McCandless won the gold medal.

DESHA'S FINISH.

Geo. Desha's finish in the mile relay was the most sensational piece of work of the day. Milo of the Kams took the last relay for his team and was given at least 15 yards start over Desha. The latter started in pursuit like a hound and stuck to his task in a gritty manner. Desha overtook his man in the dash for the tape and led by a few feet. Desha's efforts were applauded by all present and he was

carried about on the shoulders of his team mates. The prizes were presented by Princess Kawananakoa. She also crowned the victors with leis.

TENTH DEFEAT TWILIGHTS

The soldier lads of Camp McKinley again demonstrated that they are confident on the baseball field yesterday. The Twilights were the victims yesterday and after the smoke of battle lifted the score stood 10 to 6 in favor of the boys in blue.

Castle occupied the box for the 10th and gave a good account of himself. Some think that he is just as good as Fenner. The latter played at second. Evers and Dixon occupied the box for the Portuguese lads. A good-sized crowd was on hand to witness the fun.

How to get votes to win a place in the BULLETIN'S \$2000 Contest

The Bulletin office has been asked a hundred times in the last week, by contestants and their friends, for a list of its subscribers. This cannot be granted, as it would be unfair to the persons not having the list. The real, live, earnest prize-winning way is for contestants to solicit votes from ALL their friends—if they already take the paper (which is likely), then their votes on old subscriptions may be secured; if they do not now take The Bulletin, it is up to the vote-hunter to see they subscribe at once, thereby getting the needed vote coupon and placing in the hands of the new subscribers the best newspaper published in the Territory of Hawaii.

The prizes are a \$1400 REO TOURING CAR, 16 horse power, seating five people. The Second Prize is a \$350 KROGER PIANO; Third, a \$5000 INSURANCE POLICY; Fourth, A SILVER PUNCHBOWL; Fifth, a \$40 STORE ORDER; Sixth, a DOMESTIC SEWING MACHINE; Seventh, a LEATHER GOLF BAG and SET OF STICKS; Eighth, a WINCHESTER REPEATING RIFLE; Ninth, a SOLE LEATHER SUIT CASE; Tenth, a KODAK DEVELOPING MACHINE.

Votes may be had as follows:
